10-23 AUGUST

"An outstanding performer" - Web Wombat

"Part cabaret, part stand-up and part soul-searching reflection - this show is all heart" - Theatre People

"She is particularly Judy-like in soaring passages of melancholia ... the spoken word sections are brave, heart-on-the-sleeve stuff ... ultimately this makes for a memorable, very personal show that's much more powerful than channelling the great diva's hits" - ArtsHub
